

A friendly, personal service for Funeral Catering. Let us take care of everything for you.

We are available to cater for small or large groups, at home, the church, or your chosen venue, taking into account all the times and arrangements that need to be considered on the day. Your catering requirements will be dealt with efficiently, promptly and with great attention to detail.

We are happy to help you decide what sort of food would best suit your venue and the number of guests. Whether you choose a funeral tea, a finger or fork buffet, or a heart-warming hot meal, the food will be freshly hand-made and delicious.

Our staff are friendly, helpful, and attentive to the needs of you and your guests. We can help with the provision of crockery, cutlery, glassware, serving dishes and staffing on the day, if required.

The food may be delivered to the venue before or during the service. We are happy to set up a buffet or tea ready for the family and guests' return, or even prepare and cook a complete hot meal, and then serve it to the guests, as long as the kitchen facilities allow this.
